

December 9-11, 2024 • Ft. Worth, TX

The Unique Event for  
Directors and Leaders in  
**Hospital Security**

## A new kind of meeting for the people who keep hospitals safe.

Imagine joining fifty other hospital security directors, with no distractions and no fluff, able to fully focus on how your team can become better at protecting your hospital's people, property, and places.

**The Forum isn't like anything you've been to.** It's an intimate, working retreat for leaders. Every minute is full of productive dialogue with peers, experts, and solution providers in a setting free of expo mayhem or boring 'talking heads.'

You'll roll up your sleeves and talk freely about issues from hiring & retaining security staff to drug diversion, access control, and more. **You'll hear from experts, preview new tech** for video, weapons detection, and much more.

For 15 years, our Forums have hosted police and security leaders who call it "My favorite meeting, period!" 99% recommend it. So join us and come back a better, sharper leader.

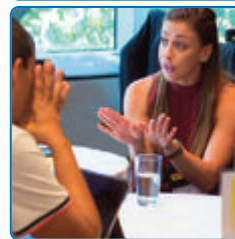

### Connect like at no other event

Only an intimate event like The Forum allows for totally candid, productive conversation with your peers. You can exchange tips, tricks, and share what works, plus build your own professional network to use for years to come.

### Get custom advice from experts

Hospital security experts are here to help you address everything from training and managing your team to winning security support from hospital management. Nothing's off the table. You've got questions, ask here!

### Source your needs strategically

You'll see and compare suppliers of access control, video, and much more, in a setting free of distractions. Ask your specific questions and talk with colleagues to select the solutions that best fit your needs and budget.

We invite you to join our group of just 50 hospital security leaders. Airfare, hotel, & meals are provided by The Forum.

**\$199. Airfare and Hotel Included**

**Dec. 9-11, 2024 • Ft. Worth, TX**

**Security Directors:**  
You're Invited to Apply

**December 9-11, 2024**

The Champions Circle Marriott Golf Resort, Ft. Worth, TX

**Just \$199 to attend including airfare, hotel, and meals**

**So much value, so little cost**  
You'll discover so much, sharing with peers and experts. It's "real world training" worth thousands. But **your total cost is just \$199**. We cover airfare, hotel, & meals. **Why?** We know travel budget is hard to come by, and our goal is to build a group of security leaders not defined by who can find airfare and who can't.

**Discover the newest tools**  
The Forum helps you source everything you need: visitor mgmt, video, personal alarms, and more. You'll preview new technology in a VIP setting. Then, choose who you'd like to meet with, in conversations that are relaxed, never pressured. That's why **99% of previous Forum attendees say they'd recommend it** to a peer.

**Oh, and it's also lots of fun!**  
You'll spend each day learning, drinking from a fire hose of new information & ideas. But there's also plenty of lively networking, sharing, plus great food, drink, and fun. You'll make connections to last your whole career. The catch? We've got just 50 spots, so apply before they're gone.

**The Forum was outstanding! Comfortable. Time-efficient. Productive. Really, a home run!"**  
- Chief of Police (ret.), Fort Worth, TX (Ret.), CopTech Forum attendee
